CRANE, BREED & CO.,
NEW ORLEANS, LA.,
MANUFACTURERS OF
Hearse and Metallic Burial Cases and
Caskets.

Would call the attention of undertakers,
and the public, to their large variety of
Hearse of the most approved patterns, and of
the finest finish—unrivalled for elegance, utility
and durability.
We are constantly improving the design and
construction of our Metallic Burial Cases.
Our "New Plain Case," patented December
12, 1865, combines all the most recent and val-
uable improvements, and is more complete than
any Burial case ever before invented.
Our Metallic Burial Casket, in its simplicity
of design, and its freedom from all associations
of grief, is unsurpassed. It is almost entirely
covered by the best polished plate glass. Its
finish is that of the finest rosewood. The Orna-
mental Casket, with its heavy and elaborately
wrought embossed ornaments, their bright
silver contrasting with the dark polished
ground work, is of striking and appropriate
elegance.

Over wooden coffins, these Burial Cases and
Caskets possess many important advantages.
They protect from water, vermin, and other
intrusion, answering for generations every
the original purpose of a vault. Removal from
the original place of burial—should it ever be
desired—can easily be accomplished. Bodies
can be preserved for days or weeks, awaiting
the arrival of absent friends. Removal to any
part of the globe, at any season of the year, is
entirely practicable. The surest safeguard is
effected against contagious diseases.
Directions accompany every Burial Case and
Casket, in reference to closing, and should be
strictly followed.
